Berne, September 18.

**I**T is adviced from Coire, that the Son of the famous Masner deceased, having threatned Revenge upon his Father's Enemies, had been seized there by Order of the Magistrates, and put under a Guard, but upon his taking an Oath afterwards to be of good Behaviour, he was again enlarged.

Paris, Sept. 18. The States of Britanny being assembled at Ancenis, agreed the 18th Instant to the *Don Gratuit* by way of Deliberation: Three Hundred Gentlemen were present at the Assembly, who is said to be extremely pleased with the Conduct and gallant Behaviour of the Marshal D'Estrees, Governour of that Province. The States of Languedoc will not meet this Year at Montpellier, by reason of the Neighbourhood of the Plague at Marfeilles, but they are to assemble at Tarascon. The Marquis de la Fare is said to be appointed to preside there, in the Room of the Duke of Roquelaure. M. de Mornay, Archbishop of Befancon, who has resided for some time in Quality of Ambassadour from the most Christian King at Lisbon, is on his Return home. By Order of the Chancellour, a Step has been put to the Impression of the famous Poem upon Grace, written by M. de Vaucine, Son to the great Poet of that Name. The Chancellour is to be at the Assembly of the Sorbonne on Tuesday next, to try to perswade them to receive the Constitution, and also to re-admit 24 of their Members, whom they expelled some Years ago for refusing it. 'Tis said the Abbess of Chelles, the Duke Regent's Daughter, is to be married to the Duke of Bourbon, upon a Commission from her Vow, which is to be dissolved of the Pope. By an Act published the 18th Instant, the India Company has a Grant of all the Rights and Pretensions belonging to the Company of St. Domingo, which was suppressed in April last; and is to have the Privilege exclusive of all others to furnish 10000 Negroes to the Island of St. Domingo or Hispaniola within the Term of 15 Years, in Foreign as well as in French Ships: The Foreign Ships may bring from thence on their own account such Commodities of the Island as are to be given in Payment for the Negroes, and the Company has leave to load likewise on the said Ship

other Commodities on account of the Company, in case there happen to be no French Ships ready at that time, or that the French demand too great a Freight. The Company is to give 6 Millions to the Old Company of St. Domingo, and to pay besides 47952 L. due to the Crown by the said Company. As the Parliament of Paris have annually a Vacation for some Weeks at this Time of the Year, they were used to appoint a certain Number of their Members to hear and determine several Matters which might require Dispatch, as particularly Appeals in Criminal Cases, and this was called *La Chambre de Vacation*; this was done every Year by special Leave from the King, which was sent of course as a standing Custom; but this Year when the Parliament broke up, no such Leave was sent, and consequently there is no *Chambre de Vacation*.

Dial, Sept. 21. There are still in the Downs - his Majesty's Ships Salisbury, Bedford, Guernsey, Winchester, Swallow, Ringo, Enterprise, and the *Swallow*, which was the outward bound formerly mentioned; and since came down the Fortune for Berille, the Goodfellow for the East-Indies, and the Richard and Thomas for Gooroo.
